

WIND AND WATER.

Violent Gales and Great Floods in Great Britain and Ireland.

Many Houses Unroofed and a Number of Coasting Vessels Wrecked.

Many Sailors of the Country Flooded.—The storm rages with terrible fury at Liverpool.—The Damage Great.—No Hope for Birrell.—Nov. 14 the Date of the Execution.—Minister Egan Insulted.—Sarah Bernhardt's Son Fights a Duel With a Dramatic Critic.—Austria and Mexico.—The Shooting of Dr. Bright.—Prince Camille de Rohan.—Foreign News.

LONDON, Nov. 7.—Violent gales and great floods prevail throughout the length and breadth of Great Britain. Houses in all parts of the country have been unroofed, bridges swept away and wharves battered to pieces by rushing winds and sweeping waters. It is already known that many vessels plying in the coasting trade have been wrecked by the furiously driving winds and enormous seas, which swept the entire coast line with irresistible force. The storm rages with almost equal violence along the northeastern and eastern coasts of Ireland, and a report reaches this city that a pleasure yacht, cruising in Irish waters, has been foundered in Belfast Loch. The owner of the craft, a Scottish nobleman, went down with the vessel. The greatest anxiety is felt by ship owners, commission firms and insurance companies, as well as by those having friends absent on yachting tours. No disaster is imminent on outgoing Atlantic steamers, which are either known to be or supposed to be in the vicinity of the Irish or English coasts, has been reported.

At Liverpool and in the vicinity of that city the storm is raging with terrible fury and as yet shows no signs of abatement. The damage in that section is great. The Albatross race meeting has been postponed in consequence of the storm.

Ships which should have left port last night or to-day are detained, not daring to face the awful wind and tremendous seas which roar about the western English coast. The telegraph connecting Liverpool with the outside world are in great part prostrated; railroad communication is seriously hampered and the local traffic of the great city is seriously impeded.

A PLEASURE YACHT LOST.—It has been ascertained that the pleasure yacht, which foundered in Belfast Loch during to-day's storm, was the *Francis*. The vessel dragged her anchors and was driven against the rocks with such violence that the slides were ripped open, causing her to fill with water and sink within a few minutes after striking. Her commander, who was drowned, was Lord Cantelero, a Scottish nobleman. The crew of the vessel succeeded in clinging to the rocks until relief came, and were almost miraculously saved.

No Hope for Birrell.—LONDON, Nov. 7.—A letter received by a friend of the Birrell family in Berkshire, from a Government official at Ottawa, Canada, speaks gloomily of the prospect for a reprieve of Birrell, while stating that the minister will undoubtedly receive the case the fullest and fairest consideration.

English Experts and Imports.—LONDON, Nov. 7.—The returns of the Board of Trade for October show that the exports have increased \$250,000 and the imports decreased \$400,000 during the month, as compared with those for the corresponding month last year.

Foreign News in Brief.—Three secretaries of the English Delegation have been fined \$500 for advising the Emperor that he was not to be invited to the second conference with Dr. Bright. Some time later she returned and, after exchanging a few words with him, she suddenly drew a revolver, fired twice, and fled without waiting to observe the result of her action. She took a train for London, and was later seen at the second interview and she had time to escape without difficulty before the alarm was given. As yet Dr. Bright has been unable or unwilling to throw any light upon the matter. It is not stated what his chances are for recovery. He bears a high reputation among the faculty and students and nothing is known of his private life which would furnish an explanation of the incident.

A WOMAN ARRESTED.—A woman has been arrested by the police of Brompton, who is supposed to be the person who fired two shots at Dr. Bright, Master of University College at Oxford, one of which took effect in the doctor's side. Nothing has yet been learned as to the woman's reason for the assault.

Minister Egan Insulted.—WASHINGTON, D. C., Nov. 7.—An interesting diplomatic story reached here through the columns of *El Comercio* of Valparaiso, Chile. The United States Minister to that country is Patrick Egan, the well-known Irish Land Leaguer of Lincoln, Neb. On the 19th of September last, the President of the Republic gave a reception to the diplomatic corps and other distinguished gentlemen. Among the guests were Mr. Egan and Mr. Thompson, the representative in Valparaiso of the *London Times*. During the course of the evening, according to *El Comercio*, one of the attaches of the Chilean Foreign Office presented Mr. Egan to the English correspondent. The latter declined to accept the introduction. Egan, with confusion, the gentleman who had made the introduction began an apology to the American Minister. Mr. Egan, who seemed to view the matter with amiable indifference, politely responded:

"You have nothing to apologize for. A gentleman would not have insulted me, and a blackguard cannot."

The Town of New Tipperary.—LONDON, Nov. 7.—The Nationalist leaders at New Tipperary claim that the surrender of several evicted tenants to Mr. Smith-Barry and their return to Tipperary had been foreseen for some time, and its effect is discounted, and that the movement caused no alarm.

Persons interested on the other side, however, declare that the example of the tenants who have paid their rent and resumed their old places will speedily be imitated by a number of their companions among the evicted tenantry. The difficulty of making a comfortable living under the new and artificial conditions prevailing in the League towns is said to have become so great as to lead to a serious and growing spirit of discontent which the leaders are unable to appease. Mr. Balfour has given orders that the returning tenants shall be protected, no matter how large the force of constabulary or military required for the purpose.

Austria and Mexico.—LONDON, Nov. 7.—It is reported from Vienna that a second proposition has been made by Mexico for the renewal of diplomatic relations which have been suspended between the two countries since the Emperor and Archduke Maximilian, brother of the Austrian Emperor, was executed by the Mexicans in 1867. Vienna also reports that the Austrian Emperor is hopeful that the proposition may be agreed to, as the diplomatic rupture has had the effect of giving Germany an immense advantage over Austria in Mexican monetary and commercial relations.

Sarah Bernhardt's Son in a Duel.—PARIS, Nov. 7.—In response to a challenge issued to M. Bourley, a dramatic critic on the staff of the *Courier-Francaise*, by M. Maurice Bernhardt, son of the famous actress, both gentlemen met in the vicinity of this city this morning and fought a duel. The weapons used were swords. M. Bernhardt slightly wounded his antagonist on the sword arm, whereupon the affair was closed, and after the surgeons had dressed M. Bourley's wound principals and seconds went their respective ways.

Released by the Mexican Authorities.—EL PASO, Tex., Nov. 7.—Upon the demand of the American Consul at Juarez, the Mexican authorities have released Henry Henderson, the colored American citizen, who escaped from the jail at Juarez, but was recaptured on American soil and dragged back to Juarez by a Mexican official. The Mexican authorities have given the Consul assurances that the offending Mexican officer will be severely punished.

Will Retire Broadhurst.—LONDON, Nov. 7.—Mr. Henry Broadhurst, M. P., for Nottingham, has refused to support the eight-hour bill, and the miners of his district are combining in an effort to retire him to private life. He has always been a friend of labor, but has incurred the ill-will of the unions by opposing nearly all the principal measures which they have brought forward.

A Terrible Accident.—SHANGHAI, Nov. 7.—A terrible accident occurred at Tai-Ping-Fu, at which place are situated the Government mills for the manufacture of powder. While the workmen were employed about the mills an explosion occurred which entirely demolished the buildings. The loss of life was enormous, 300 persons being killed. The cause of the explosion is not known.

John Orth.—LONDON, Nov. 7.—It is learned that the Arch Duke John of Austria, or, as he prefers to be called, John Orth, was accompanied on his voyage to South America by his wife, having been married in London last spring, shortly before sailing. It is supposed that she perished with her husband in shipwreck.

Prince Camille de Rohan.—PARIS, Nov. 7.—The death is momentarily expected of Prince Camille de Rohan, an Austrian Peer of French extraction, now 90 years of age. The Prince is an intense Legitimist and so disgusted with Republican rule in France that he would not suffer the name of the country to be mentioned in his presence.

The Czarwitsch.—VIENNA, Nov. 7.—The Emperor Francis Joseph and the Czarwitsch attended the opera last night, remaining through two acts of *L'Africaine*. The Czarwitsch and the Emperor then drove to the railroad station, when, after an exchange of farewells, the former departed for Trieste.

English Experts and Imports.—LONDON, Nov. 7.—The returns of the Board of Trade for October show that the exports have increased \$250,000 and the imports decreased \$400,000 during the month, as compared with those for the corresponding month last year.

Foreign News in Brief.—Three secretaries of the English Delegation have been fined \$500 for advising the Emperor that he was not to be invited to the second conference with Dr. Bright. Some time later she returned and, after exchanging a few words with him, she suddenly drew a revolver, fired twice, and fled without waiting to observe the result of her action. She took a train for London, and was later seen at the second interview and she had time to escape without difficulty before the alarm was given. As yet Dr. Bright has been unable or unwilling to throw any light upon the matter. It is not stated what his chances are for recovery. He bears a high reputation among the faculty and students and nothing is known of his private life which would furnish an explanation of the incident.

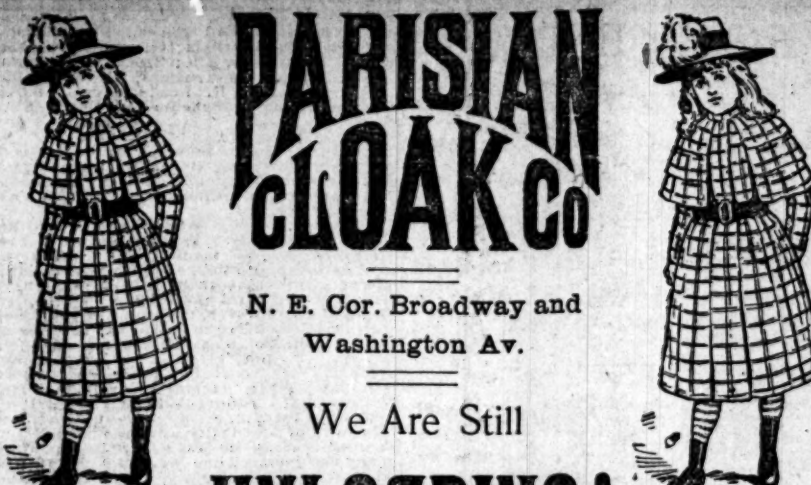

A HOTEL TRAGEDY.—David H. Greener, formerly shot by Charles Clifford, an Ex-Fugitive.

KANSAS CITY, Mo., Nov. 7.—David H. Greener, a wealthy cattleman living on Fifteenth and Forest streets, was fatally shot by Charles Clifford, an ex-fugitive of San Francisco, yesterday afternoon, the latter having found Greener in Mrs. Clifford's room at Hotel Andrews, a family boarding house. Greener being told by a doctor that he could not recover, made a statement to the effect that he was waiting in the hotel to see Mrs. Clifford, the proprietress of the house, and there he was shot. Mrs. Clifford told him that she had been out and invited him into her room to rest himself. He went in and took a seat and a brief conversation with her. Mrs. Clifford then interrupted by Mrs. Clifford's husband, who ordered him to throw up his hands. Instead of doing so, however, he ran out of the room and hid in the closet. Mrs. Clifford then called for the police, and they arrived and found Greener in the closet. He was taken to the hospital, but died shortly after.

WEDDING PRESENTS.—LORDLY new collection of CUT GLASS WARE, SOLID SILVER WARE, ROLAND WORCESTER AND DRESDEN, FINEST MARBLE WARE, SILVER-PLATED WARE AND CUTLERY, MUSIC BOXES, SILVER WARE, CLOCKS AND WATCHES, DIAMONDS AND JEWELS.

OUR MOD & JACQUARD JEWELRY CO., COR. BROADWAY AND LOCUST. Send for catalogue, 2,000 engravings.

The Bell and Maynard Fallures.—BOSTON, Mass., Nov. 7.—Frederic D. Maynard & Co., and Wm. G. Bell & Co. have agreed. These firms had entered for each other to handle the business of Wm. G. Bell & Co. yesterday afternoon, the other firm followed suit. The Maynards deal in coffee and spices, the Bells deal in a commission business. It is believed both houses will come very near paying 100 cents on the dollar, but at present they owe nearly \$1,000,000.

THE SENATE AND HOUSE.

PROBABLE COMPLEXION OF THE NATIONAL LEGISLATURE.

Surprising Changes in the Senate Due to the Recent Deaths.—The House is expected to be a Republican majority.

May Be Reduced to Three—Organization of the New House—How the Democratic Gains Were Distributed.

Although the Democrats have swept the country in every State that had been considered doubtful and gained control of the lower branch of Congress by an overwhelming majority, they are not yet able to control the shaping of national legislation on Democratic lines. The United States Senate is still a Republican. When Congress adjourned last month the Republicans had a majority of 12 in the Upper House. The admission of Wyoming and Idaho, which gave them 4 additional members. The terms of 28 Senators expire on the 3d of next March. Of this number 12 are Democrats and 16 Republicans. That Democrats will be returned in the places of retiring Democratic Senators is absolutely certain, but that the party will be able to elect 12 new Senators is a question.

Democrats to Fill the Seats of Republicans whose terms expire in March is in most cases yet to be determined.

SENATORS TO BE CHOSEN.

The States whose Legislatures elect Senators the coming winter are: California, Colorado, Connecticut, Florida, Illinois, Indiana, Kansas, Michigan, Missouri, Nevada, New Hampshire, New York, North Carolina, North Dakota, Pennsylvania, South Dakota, Washington and Wisconsin. To gain control of the Senate the Democrats must secure eight of the sixteen seats now held by the Republicans who go out in March. There is a certainty that they will be successful in Wisconsin and New York, and the indications point to the return of Democrats from Kansas, Illinois, South Dakota and New Hampshire. But this would not give them control of the body, and the probabilities are that the change of political complexion of the United States Senate will not occur before 1892. The defeat of Ingalls in Kansas, which is now claimed, will necessitate the election of another Senator in the absence of Vice-President Morton.

LEGISLATION.

The chief questions of national importance which will engage the attention of the new Congress are the Lodge election or force bill and the tariff. The probability now is that the former measure will be permitted to sleep where it now lies, in the Senate. Republicans attribute their defeat in large part to the action of the present Congress in pressing it for passage and the threat that it will become a law at the hands of an extra session called especially to pass it.

While possessing a heavy majority in the popular branch of Congress, the Democrats can accomplish but little in the way of tariff reform with a Republican Senate. They will, however, in the first session of the Fifty-second Congress, take up the question pass a bill and send it to the upper chamber. If the Republican majority in the Senate is largely reduced, as is now anticipated, giving them a bare majority of two or three, there is strong ground for the belief that concessions will be secured looking to the reform of custom duties demanded by the people.

ORGANIZATION.

In the organization of the new House the chief interest centers in the Speakership. There now seems a possibility of the contest assuming a sectional character—North vs. South. The candidates most prominently mentioned for the position so far are Wm. M. Springer of Illinois, Crisp and Blount of Georgia and McMillan of Tennessee. Mr. Crisp's ability as a parliamentarian was fully demonstrated in his fight with Speaker Reed, and he will be strongly pressed for the place by Southern Democrats. Mr. Springer's long and continuous service in the House, and his familiarity with the usages of the body and his personal popularity make him a strong candidate. In addition to the above list, in a card to the Associated Press, Roger Q. Mills of Texas, states that he is an aspirant for the Speakership.

AS TO STATE DELEGATIONS.

The losses to the Republicans have been distributed very evenly in a sectional point of view. The New England delegation to the present Congress stands twenty-three Republicans and three Democrats. In the next it will stand probably thirteen Republicans to twelve Democrats. New Hampshire contributing one, Massachusetts five, Rhode

Island one and probably another, and Connecticut two to the Democratic gain. The four Middle States—New York, New Jersey, Pennsylvania and Delaware—(counting the latter in that group) stand in the present Congress forty-four Republicans to twenty-five Democrats. They will stand in the next probably 44 Republicans and 26 Democrats. The West and Pacific States have 48 Republicans and 29 Democrats in the present House, and will have in the next probably 54 Republicans and 62 Democrats. In the present House the South has 104 Democrats and 17 Republicans. In the next Congress it will have 107 Democrats and 4 Republicans.

Republican Congressional Losses.

The table given below shows the surprising losses by the Republicans in almost every State in the Union in the Congressional elections. The most notable occurred in Kansas, Wisconsin, Massachusetts, New York, Michigan, Missouri, Ohio and Illinois. Wyoming and Idaho had no representatives in the Fifty-first Congress, those States having been recently admitted to the Union. The figures given below had no representatives in the Fifty-first Congress, those States having been recently admitted to the Union. The figures given below had no representatives in the Fifty-first Congress, those States having been recently admitted to the Union.

STATES.

Alabama, Arkansas, California, Colorado, Connecticut, Florida, Illinois, Indiana, Kansas, Michigan, Missouri, Nevada, New Hampshire, New York, North Carolina, North Dakota, Pennsylvania, South Dakota, Washington and Wisconsin.

QUARRELED ON A TRAIL.
Col. Joe Higgins shoots Col. Tom Price near Houston, Mo.

HIGHGILLSVILLE, Mo., Nov. 7.—In a quarrel on a Missouri Pacific train last night, between Col. Tom Price of Sweet Springs and Col. Joe Higgins of Houston, Mo., the former was shot in the abdomen and dangerously wounded. The trouble originated over a disputed claim against the Buehlers estate in Pettis County, of which Higgins is administrator. Both men are stock raisers and prominent politicians of Pettis County. Both were taken off the train at Houston, the one to fall and the other to a hotel for surgical treatment. Price's recovery is very doubtful.

A Republican Reform.
The result of Tuesday's election was a great surprise in the Court-house, but a still greater surprise in the streets. The result of the election was a great surprise in the Court-house, but a still greater surprise in the streets.

Weather forecast for twenty-four
hours, beginning at 8 a. m. to-day,
for St. Louis: Fair; colder; decidedly
colder to-night.

The contract and franchise jobbers of
the Municipal Assembly must be disposed
of next.

Not a word has been heard for several
days about that plan to Republicanize
Missouri.

The work of reform in this city will not
be completed until the boodle rubbish has
been swept out of the City Hall.

HEREAFTER in St. Louis a nomination
with a boss brand on it will not be worth
picking up, much less paying for.

The nomination of United States Sen-
ators by popular convention has received
remarkable indorsement in Illinois.

The McKinley method of revising the
tariff upward has proved an excellent way
of getting rest from legislative labors.

We have an indistinct recollection of a
Filley scheme to capture the Missouri
Legislature. Was there such a thing or
not?

In the recent language of an esteemed
Republican contemporary, "Senator
Plumb is not less popular in Kansas
than he was before his utterances on the
"tariff question."

The suggestion of the POST-DISPATCH
made before the election that PATTON
of Pennsylvania would be a big Presi-
dential possibility is receiving widespread
indorsement after the election.

SPEAKER KIEFFER's record helped to put
considerable Democratic majorities into
three succeeding Congresses. But he
never put half as large a Democratic ma-
jority into the House as REED's reckless
rule has elected to the Fifty-second Con-
gress.

That Lancaster Grand-jury job re-
sulted in the quashing of sixty-one in-
dictments against law-breakers which
had been obtained at a cost of \$850. The
damage which it inflicted upon the rep-
utation of the Criminal Court of St. Louis
cannot be estimated.

The Democracy's supply of available
"Presidential timber" is now three or
four times as abundant as it was before
last Tuesday. The Republican supply
has been correspondingly diminished.
REED, HARRISON and MCKINLEY are
knocked out as completely as SHERMAN,
and only BLAINE and PLUMB are left.

WHEN the chairman of the Appropria-
tions Committee wipes out a big party
majority in his favor in the brief space
of six weeks' recess he can not expect to
tower grandly in his seat during the small
remainder of his term. CANNON will not
be as big a gun in the second session as he
was in the first of the present Congress.

REED's two Western out-paws, MCKIN-
LEY and CANNON, go back to Wash-
ington this winter stripped of their en-
dorsements as Representatives, and the di-
minished authority of the recently great
triumvirate will all be concentrated in
Speaker REED by virtue of his Kittery
Navy Yard election. That is to say, there
will be only a grease spot of it left.

The theory of inevitable reaction after
a political tidal wave, with which the Re-
publican leaders are consoling themselves,
will not hold in the light of history. The
tidal wave which brought Democratic
victories in 1893 carried Mr. Cleveland
into the presidency in 1894 and kept the
House of Representatives Democratic

until 1898. The reaction theory does not
always work, and the McKinley law
which will continue to work the other
way makes the Republican prospect for
1899 gloomy.

A JOURNALISTIC CLEAN SWEEP.
The journalistic clean sweep of the POST-
DISPATCH in the city since the election
has been as remarkable in its way as the
political clean sweep of the Democracy in
the country.

This morning's paper contained a list
of the members of the United States Sen-
ate with accurate information concerning
the expected changes resulting from
the elections; they also had a list
of the members elect of
the next House of Representatives
showing the standing of the parties in
that body, and a list of the members
elect of the General Assembly of Missouri,
giving the political complexion of each
one and the strength of each party. In-
terviews with Mr. DEWEY and with Mr.
QUAY, the elusive Chairman of the Re-
publican National Committee, made a
fine budget of political news, all of which
was of the greatest interest and impor-
tance, but all of which appeared twelve
hours before in yesterday's POST-DIS-
PATCH.

In this connection it may be added that
an account of the arrival in New York of
HENRY M. STANLEY and a deeply interest-
ing interview on the charges made against
him, which were published in yesterday's
POST-DISPATCH, were republished in the
morning papers. But the news record of
yesterday was a repetition of that of every
day.

With an unwieldy majority of 140 or
thereabout elected to the next House in
antagonism to a Republican Senate and
President, the Democrats will have some
difficulty in harmonizing and keep-
ing within safe bounds the factions sure
to be formed sooner or later in their own
ranks. The great prizes they have yet to
secure before they can carry out their
policy—a Democratic President and a
Democratic Senate—depend on their suc-
cess in maintaining their own solidarity
and the hold on popular confidence
which they now have.

But this very work of President-making
and Senator-making is fraught with per-
sonal rivalries that continually breed in-
ternal dissensions. Already there are
dangerous symptoms of a premature fight
over the Speakership a year in advance
of the election, involved with President-
making schemes two years in advance of
the nomination. For the first time in
many years the immense Democratic vote
of the North is fully represented in Con-
gress, and the Northern Democrats will
have a majority of the Democratic caucus
and be in a position to direct the action of
the party. They think it would be a
graceful and politic thing for their
Southern brethren to celebrate this un-
common and unexpected victory by
conceding them the Speakership.

Joseph Pulitzer, the greatest journalist in
this country, is a man of a "black and
white" complexion, mainly affecting his
eyesight. This is to be regretted, and is not
a calamity of purely local interest but of
more than national import. His career has
been phenomenal and honest. He stands as
a monument to the power of the pen. His
purpose in view can accomplish. Only a
few years ago he was unknown. He took hold
of the POST-DISPATCH of St. Louis, when
the paper was almost beyond hopes of re-
covery. Almost like, he gave the paper new
life, and it has been a "black and white"
paper in America. St. Louis was a pen-
sioner of Mr. Pulitzer, and he entered the
great arena of New York con-
trary to the wishes of his friends
and the wise-heads. At that day
the world was a "black and white" without
cash, clientele or influence. He infused into
the paper new life. He endowed it with his
own indomitable spirit, till the world has
risen around to her surroundings and is
known, admired and quoted wherever the
English language is spoken. The secret of
his success is that he is a selected man, he
succeeded himself with the best intelligence
obtainable, to pay for services rendered like
a prince, and by personal good will and his
peculiar ability retain alone a man's ser-
vices. His friendship, his aid, his retirement
is short. May the paper be as good as
royalty earned, and may his return to the
field be a signal for new triumphs.

Readers of newspapers, and particularly
readers of the POST-DISPATCH, will be
generally manifested by fair-minded jour-
nalists at the retirement of Mr. Joseph Pulitzer
from the proprietary control of that great
journal. This step is, as we understand, ren-
dered necessary by failing health. It will be
remembered for years that the paper's
temporary shall have passed away that it
was Mr. Pulitzer's genius that made the
World what it is—the greatest newspaper in
the planet, and an influence for good surpas-
sing any other single expenditure of printer's
ink in this century.

When they ask a question during the lecture,
seeking a fuller understanding of some kno-
tious point, they are met by a ready and
generous answer, and the lecture is made
clearer and more interesting. The lecturer
is a man of a "black and white" complexion,
mainly affecting his eyesight. This is to be
regretted, and is not a calamity of purely

looking over the field Mr. MCKINLEY will
find that the tidal wave was much more
formidable and the obstacles interposed by
it to the passage of the force bill far more
formidable than he had anticipated. Mr.
MCKINLEY may be plucky enough to imi-
tate the heroic conduct of Dame FARR-
INGTON in her famous tussle with the
waves of the Atlantic during the great
storm at Sidmouth, but the result will be
about the same.

The indignation with which Indiana re-
sented the "blocks-of-five" disgrace was
attested by the immediate enactment of
the Australian ballot system, and the
rolling up of a Democratic majority of
17,000 in the first election held under it.
This takes her out of the doubtful or
"blocks-of-five" list of States, and erases
the name of BENJAMIN HARRISON from
the list of possible Republican nominees.

A JOURNALISTIC SUCCESS.
Heavy Recognition of "The World" and
its Editor by the Press.

From Frank Leslie's Illustrated Newspaper.
Reference has been made to the fact that
Mr. Joseph Pulitzer has withdrawn from the
editorship of the New York World. Mr.
Pulitzer came to this city from St. Louis
and ventured upon the effort to resuscitate
moribund World. At the time every
newspaper man deemed the venture hap-
less, if not foolhardy. With marvelous per-
sistence, industry and pluck he built up the
property, made it a magnificent success and
thus leaves it, the creation of his own intelli-
gent energy. Whether Mr. Pulitzer is
active editor or not, he has certainly con-
tributed to a monument to his marvelous news-
paper genius. Let us hope, however, that
absolute rest and relief from the strain of daily
journalism may bring about the restoration
of Mr. Pulitzer's health, and his return in
time to duties which he must have reluctantly
relinquished.

From the Memphis Commercial.
Mr. Pulitzer, before he took on the man-
agement of the World, had made a great suc-
cess in St. Louis with the POST-DISPATCH,
and strong rivalry in England and Amer-
ica. The methods by which in two or three years
he had made a remarkable success of this
last-named paper, of which he is still the
proprietor, were those generally which he
applied to the management of the World.
Whatever differences there may be in the
situation and environment. And like success
has been the result. He spent money lavishly
to get the news, made his editorial com-
ments vigorous and pertinent, and this made
the paper necessary to the masses for whom
he speaks freely and with sympathy. His
circulation grew rapidly and it became an
enormous success, made as necessary to the
judicious advertiser as the people. There is
no parallel in what Grayley, Raymond and
Dennett accomplished to the results of Pul-
itzer's labors. His career stands away out
from that of each of these fathers of modern
journalism. His success was achieved against
greater odds than they ever encountered, and
at the outset he was embarrassed as they had
not been by the fact that he had to carry the
World out of a slough of despond and despair
as an almost reckless failure and build a
new fabric with old material. How accom-
plished an architect he was for this purpose
every daily and weekly issue of his paper
testifies. His career stands away out from

REAL ESTATE NEWS.

THE ST. LOUIS TRUST CO. NEGOTIATING FOR A VALUABLE CORNER.

Fourth Street the coming Wall Street of St. Louis—Water Main and Electric Light in the West End—The Walworth Building—Reports of the Sale of Acre Sites and Numerous Small Properties.

It was currently reported in real estate circles to-day that the St. Louis Trust Co. is negotiating for the purchase of the four-story building at the northeast corner of Fourth and Olive streets, where the Continental Bank is now located. The premises have a frontage of 35 feet on Fourth by a depth of 127 1/2 feet on Olive, and although the building is an old one, somewhat modernized recently, it is well adapted and a good location for the purpose suggested. While it has not been stated what the owners are asking for this property, expert real estate men on values say it is worth \$2,000 a foot, and that \$100,000 would be none too much to pay for the corner. The building next north of this on Fourth street has been leased by the Mississippi Valley Trust Co., which is now having the premises fitted up to establish business there.

The location of such extensive financial concerns as these two local companies on Fourth street, in connection with the several banking institutions already established there, will have a very beneficial effect upon property all along the street and exert a potent influence in making the thoroughfare what it has been, and what it is to become, the Wall Street of St. Louis.

WEST END WATER MAINS.—Residents of Cabanne and Bartmer places, who have been struggling a long time to get city water out that way, are much pleased with the report that a long being done in laying mains through that section. Cabanne place is to be put in along Hamilton avenue, north to Maple, then east to Goodfellow, and north to Olive, with branches to supply the cross streets. Electric light poles have been placed along the line also, and James Hardy says there will be no peace now until the lamps are put in place and lighted.

THE NEW WALKWRIGHT BUILDING.—Where the excavators are now at work, on the northwest corner of Chestnut and Seventh streets, there is to be a very large nine-story fireproof building erected at an estimated cost of \$500,000.

The space to be occupied by this building has a public access to the street on the west side, and the ground, fronting 127 1/2 feet on Chestnut and 114 feet on Seventh, was purchased last May for \$127,000 by the Walworth and American Building Co. The building will be a modern structure, with a frontage of 127 1/2 feet on Chestnut and 114 feet on Seventh. It will be the first of several splendid buildings to be erected at an estimated cost of \$500,000. In March house-erectors will commence work on the old houses at the northwest corner of Seventh and Olive, and the new building, and there is an assurance that it will not be many months before the Mercantile Club commences the construction of a fireproof building at the southwest corner of Locust which will most likely cost \$500,000, and the Walworth building will be completed in the near future.

To obtain the greatest amount of light and ventilation with little waste of space as possible, the architect has arranged the ground floor of the building very much in the form of a double L. This plan provides for a court opening to the street on the west side, and a depth of 65 feet, that is extending into the building within the limits of the Chestnut front. To still further facilitate light and ventilation in the rear, there is a 3-foot offset on the west line of the building, which is 40 feet from the Chestnut street front. This arrangement gives a light shaft 26 feet wide, with the alley for offices in the northwestern section of the building, where sunlight and plenty of air will be obtained in the most desirable as front rooms. In fact all the rear rooms will be abundantly lighted, as they are to open on the court or one of the alleys.

In the finished basement there will most likely be an extensive Turkish bath establishment, perfect in its appointments. Over the first two stories will be carried up in Missouri granite, and the rest of the building will be of brick relieved by ornamentalities of cut stone blocks. There will be plate glass in all the openings.

The first floor is to be divided into small stores and offices, and the second floor into a large hall and apartments of about 16x24 on Seventh. Above this the floors will be of wood. On the third floor of 12x17 to 12x22 feet each, the only difference being on the ninth floor where the water closets for the entire building will be located. The first floor will be located and finished in Italian marble to the absolute exclusion of every particle of wood. On each floor, however, there will be a small toilet room finished in Italian marble, and a closet for the first floor apartments are to be in the basement.

There will be a main entrance through a 14x16 foot arched way on Chestnut street, embellished with elaborate stone carving, and especially designed hardware.

Along the main corridors, coming in from Chestnut street, Seventh and the alley and joining in the center of the building, there will be a mosaic pavement and a water-proofing of colored marble will contrast with harmoniously. The woodwork throughout the entire interior finish will be of highly polished oak joined in the most workmanlike manner.

Right at the meeting of the three ways will be four elevators, and near these may be found a stairway and a stairway leading up to the ninth floor. All the corridors approaching these lifts will have marble floors and deep wainscots of polished Italian marble.

The plumbing and heating apparatus is to be of the best order of workmanship and in addition to that there is to be complete electric light plant. In this machine room, occupy a narrow section through the center of the basement, the boiler being placed under the court convenient for cooling from the north side alley. The parties in interest have incorporated under the name of the Walworth Building Association to make this improvement.

SOLD FOR MISS SHADOWNESKY.—The Hammett-Anderson-Wade Real Estate Co. sold two lots on the east side of King's highway, for Miss Kate Shadownesky, who has much fame as a successful real estate operator. One piece of the ground sold has a frontage of 50 feet by a depth of 125, on the northeast corner of Burd and Minerva avenues. The other piece, on the southeast corner of Burd and Minerva, was sold for \$1,200. The other parcel, a lot of 50x125 feet, situated on the east line of the lot, was sold for \$1,200. The lot of 50x125 feet, situated on the south side of the ridge, was sold to the same purchaser for \$1,200.

OTHER SALES.—C. H. Gleason & Co. report the following sales: A lot of 50x125 feet on the east side of Iowa avenue, 200 feet north of Cherokee, at \$24 a foot, from Phoenix Desert to Herbert Schaller; and 60x118 feet of ground on the south line of Laclede street, 75 feet east of Compton, from E. M. Grove to John Smith. Robert F. Miller reports the following sale: Kenerly avenue, south side, between Taylor and Newstead, and 60x118 feet of ground, five-room frame dwellings, with 25x124 feet of ground each, the property of Mattie Flynn, sold for \$10,000 each to Mr. James E. Newman and Levi H. Newman.

ALLEN & BULL REPORT THE FOLLOWING SALES: Washington avenue—No. 404, a two-room dwelling and 28x100 feet of ground for \$10,000, from W. C. McFarland to Miss Mattie V. King. Washington avenue—South side, 25x125 feet of ground situated 100 feet east of King's highway, at \$50 a foot, from the Eureka Real Estate Co. to H. J. Burdett.

This residence property at the northeast corner of Mulberry and Nineteenth streets has been purchased for \$2,500 by Olin K. Hamilton, Jr.

DELMAR AVENUE.—L. V. Carlin & Co. report the sale to Robert E. Ricker of a lot commencing 54 feet of Newstead avenue, on the south side of Delmar avenue, from E. M. Eldredge, a resident, at \$80 per foot cash. Nelson & Newman represented the owner. The same lot was lately sold for Henry J. Linneaus at \$80 on the south side of Delmar, east of Newstead.

Joining Mr. Barnes' house, at \$100 a foot from E. D. Carlin to H. W. Carlin of the firm of Merriam, Walsh & Phelps, who is going to build a residence there which will compare favorably with other fine dwellings in that locality.

THE RAILROADS.—Effects of the Union Pacific Boycott—Sept. Merrill's Resignation—Railroad News.

The Union Pacific boycott still continues at Omaha, and the outcome of the trouble is decidedly enigmatical, says the St. Joseph News. Via the Lower Mississippi River points the embargo was only in effect three days, but still a marked decrease in business was felt here. On Nov. 1 Freight Auditor Van Buren of the Union Pacific issued a circular canceling through billing via Kansas City and St. Joseph on all transcontinental business going to points on the St. Joseph & Grand Island or points west. The penalty on violators, however, and decidedly aggressive on the part of the Union Pacific, since the southwestern division of the Western Freight Association had taken no action in the matter. During the few days following Nov. 1, a marked decrease in business was noted in the business given to the Grand Island here. On the 23d of November Mr. Van Buren canceled his previous circular, and everything is again lively as far as St. Joseph is concerned.

At Omaha the war still wages. The percentage will have to be readjusted, so much is certain; but whether the Union Pacific will win or the Western Freight Association is open to doubt. The whole matter is only a beginning of a movement that is inevitable in American railroad operation; namely, consolidation of through lines. It is predicted by railroad men of experience that a very short time will see all transcontinental lines operating under consolidation. The Vanderbilt-Northwestern-Union Pacific combination is, as recent developments show, in a position to dictate to lines not so securely connected. Similar combinations are inevitable. A Chicago Burlington & Quincy and Pennsylvania road combination would make an iron-clad through line, particularly in the case of the Chicago & North Pacific coast in Washington. Such formal alliances will undoubtedly result from the present conflict of the Union Pacific against its competitors.

Suit on Patents.

New York, Nov. 7.—H. Walter Webb, as trustee, has brought suit against the New York, Lake Erie & Western Railroad Co. for an injunction to prevent its using certain improvements in its recent developments, which, it is alleged, have been assigned to the complainant. Philip Rhea of Rock Island, Ill., is said to have been assigned the patents. The defendant corporation, it is charged, has been using the improvements since the assignment, and is asked to be enjoined from doing so. The suit is for the use of the patents in the past and also prayed for.

Supt. Merrill Resigns.

General Superintendent F. E. Merrill of the St. Louis & San Francisco has tendered his resignation, to take effect the 15th of the present month or sooner, if possible. Mr. Merrill presented his resignation on Oct. 25, but General Manager Merrill, who is now on the road has not yet selected his successor. The "Frisco" Superintendent has received a satisfactory offer from Chicago, and intends to accept it. He was formerly superintendent of the Springfield division of the "Frisco," and was made General Superintendent when D. H. Nichols resigned at the outbreak of the war with the Abbeys, Tepeka & Santa Fe.

Superintendent of Terminals.

James F. Jones, the Yardmaster of the Terminal Railway Association, has been appointed Superintendent of Terminals of the Missouri Pacific and Iron Mountain roads. The position was held by Frank Stillwell, Superintendent of the Terminal Railway Association, but he was relieved of it at his own request, as his duties with the latter association occupied all his time.

WOMEN avoid suffering by using PARKER'S GINGER TONIC, as it is adapted to their life.

PARKER'S HAIR BALM aids the hair growth.

Mrs. Louise Fratte—in Memoriam.

To-morrow forenoon the family and friends of the late Mrs. Marie Louise Fratte—among them the members of the circle whose habitual gatherings at the house of the beloved hostess have for generations been a joy to all—will assemble at the residence of her immediate family for the purpose of a social reunion. The occasion will be a most enjoyable one, and the friends of the deceased will be able to see the last of her in this world.

The newspapers have told the accidents of the birth, genealogy and connections of Mrs. Fratte. But only in the warm affections of her friends, in the love and devotion of her immediate family are outlined the promises of the lady's beautiful character, her winning gentleness, her boundless sympathy, her warm attachment to friends, her generous forgiveness of her enemies, her possessed singular powers of attraction and her unselfishness.

Qualitative seldom referred to her except in terms of admiration. In the more extensive circle of her friends, she was known as essentially a mother to the poor, and never was allowed to turn from her door without having helped some one in need. Her life was a life of self-sacrifice and unending service to her fellow creatures.

Her death was a great loss to the community. She was a woman of noble character, a woman of noble heart, a woman of noble mind. Her life was a life of noble deeds, a life of noble service, a life of noble sacrifice.

The newspapers often contain eulogistic notices of dead men and prominent business, professions or politics. May not the incomplete picture of a model matron whose quiet strength lay in the truest virtues of well-doing domestic life be aptly held up for a moment to the public?

Free Evening School.

A free evening school is held Monday, Wednesday and Friday nights at the rooms of the St. Louis Working Girls' Free Library, 1510 Lafayette avenue. Monday evenings a lecture is given on how to keep well and to care for the sick, and this is followed by a short lesson in geography and United States history. Wednesday evenings instruction is given in reading, arithmetic, spelling, writing and composition in letter writing. On Friday evenings the manager delivers a short address, after which instruction is given in sewing, darning, mending, cutting garments and trimming hats and bonnets. There is singing and singing, with a piano accompaniment. The library is open to all every Sunday after noon.

Make your breakfast on Paritan Oats and you will not need marriage a failure.

One Year Benefit Order.

St. Louis Lodge, No. 56, Mutual One Year Benefit Order, held a very interesting meeting last Monday night. Three applications were received and five candidates initiated. This order has been in existence only seven months and the second lodge in St. Louis was initiated only a few nights ago on the corner of Broadway and Montgomery streets.

Prime District Deputy.

The officers of the new lodge are: Matthew Woods, Past President; Andrew H. Wadsworth, Vice-President; Miss Fanny Smith, Secretary; Mrs. Matt Woods, Treasurer; George Woods, Chaplain; Henry Otis, Marshal; Wm. Woods, Guard. This lodge will meet every Tuesday night, and an appeal will be furnished at the 2021 meeting held by a by-law.

TEN MINUTES FOR MEALS.

A NEW RULE FOR CONDUCTORS AND DRIVERS ON SEVERAL STREET CAR LINES.

The Hardships of Conductors and Drivers Who Claim to Be Already Overworked and Under-Paid—A Run and Jump for Dinner—20 Cents for Three Hours' Work.

The rule which is causing a great deal of talk among local street car employees has recently been issued by the manager of the Cable & Western Railroad Co. Conductors and gripmen are allowed ten minutes to eat their breakfast and ten minutes for dinner. How the rule works is best explained by a conductor who was asked about it yesterday: "So you've noticed it, have you?" he asked with surprise. "Well, it's a daisy. On this line the run from the power house on Chestnut avenue to the end of the road west is only five minutes. It takes one minute to switch the cars and five minutes to get back to power-house. If we want our dinner we have to jump off, run to our boarding-house nearby or to our lunch baskets in the lunch room and gulp food down without biting it so as to get back to the track in time to catch our train. Should we be one minute late or miss the train we are laid off six days and an extra man takes our places. I have seen men who have been with the road ever since it started laid off for six days and replaced by extra men who are always on hand to take positions as substitutes or relief.

HAVE TO CARRY THEIR RATIONS.

"As a result of this rule, the men, or nearly all, bring their meals to the power-house, and eat them on the jump, sometimes carrying a sandwich in their pockets to munch on the fly while on the road. This will explain why you sometimes see a conductor or gripman on a street car with a power-house. He is trying to keep his job and gratify his hunger in ten minutes. I used to eat a heavy meal at noon before I got on this road, but I have had to break myself of the habit as I could not keep it up. I go on as all the others do between 5 and 6 o'clock in the morning, before breakfast, and I eat a meal at 7 and 8 o'clock catch a cup of coffee and a bun between trips. At noon another light lunch in swallowed before the power-house, then we do not eat until 5 o'clock. This rule means that the men, but also puts them under obligations to other employees. Your car must be switched at the other end of the line, and some one to do it for you, as the company does not furnish a man for that purpose.

"Besides the usual duties of a conductor in collecting fares, the conductor must deposit \$5 with the company on accepting the position and then buy his own uniform at from \$15 to \$25. He must buy \$2 worth of children's tickets with his own money and stand the loss of counterfeit and bad coin. The gripman, who is a hard worker, as constantly on the lookout for danger as an engineer and who is a skilled workman, must also buy his own uniform.

WHAT THEY EARN.

"For all this responsibility and service we are paid less than an hour for nine consecutive hours each day, or 180 cents a day. That is a princely sum! We can make no more since the new rule, as the rule says, the number of men and trains have been cut down. On the fourteenth regular trains are made to do extra work, saving the company at least \$10 a day on the running of the line. When you investigate the way they treat the men on the street road you will find they are pretty nearly as badly fixed as we are."

UNION DEFORT MEN COMPLAIN.

An equally oppressive system has been in vogue, it is said, on the Union Depot line of yellow cars, one of the three roads operated by Mr. Seuller, for some time. The men not only refused time to eat their meals, but are "worked" for twelve and one-half hours each day and "overtime" on special occasions. A conductor speaking of his lot in this morning's paper said:

"We live on the cars. We work 14 hours a day and get \$2.00 for it while the drivers get \$1.50. Our time is irregular. We are on duty each day and 'overtime' on special occasions. A conductor speaking of his lot in this morning's paper said:

718 Olive St., 124 Olive St.

CITY NEWS.

One of Broadway's most attractive sights is Crawford's window display, and no less artistic are those windows extending for half a block on Franklin avenue. Veritable small crystal palaces they are, filled with the best and handsomest products of looms and factories all over the world. An index to a grand stock in a leading mercantile concern, they advertise qualities and prices, beyond a chance of mistake, as nothing else can do. See Crawford's windows if you would keep pace with styles and changes, and save your own pocketbook many a dollar and dime.

Dr. E. C. Chase,
Corner of 9th and Olive streets. Set of teeth, \$5.

THE STOP VALVE BLEW OUT.
A Railroad Employee Badly Injured While Cleaning an Engine.

The stop valve of a Wabash engine blew out in the round-house at Twenty-third street about 1:40 o'clock this morning while Andrew Roach was in the act of wiping the machinery. Before Roach could escape from the cab he was seriously burned about the head, face and hands. He also swallowed a small quantity of the escaping steam. In jumping to the ground he was badly bruised about the body. The injured man was taken to his home at 203 Clark avenue. Dr. Wall, Twenty-second and Clark avenue says he may die. Roach is single.

Trousers Made to Order for \$6, \$8 and \$10.

If you want a good fitting pair of pants leave your order and select your pattern in our Tailoring Department.

MILLS & AYERILL,
S. E. Cor. Broadway and Pine.

Collinsville, Ill.

News was received here this afternoon of the sudden death of Miss Felicity Utley, sister-in-law of Mr. Jones, proprietor of Commercial Hotel. The young lady had been visiting relatives in Kansas. The remains will be sent here for burial. No further particulars are known.

Mrs. William Simpson and children of Smithboro visited friends here yesterday.

The Ladies' Parish Aid Society of Christ Church met at Mrs. Bassett's Thursday afternoon.

Harley Lagham, Sr., the new County Clerk, is very busy receiving congratulations from his many friends. Mr. Lagham is extremely popular with both parties.

The Merchants'
Restaurant and oyster-house, 616 and 618 Washington avenue and 618 St. Charles street. Ladies' parlor now open. Entrance 618 St. Charles street. E. A. Koerner & Co., proprietors.

St. Olive Lodge, A. O. U. W.

St. Olive Lodge, No. 805, A. O. U. W., had a largely attended meeting last Wednesday night. The wants of the brethren were well attended to. For those that had suffered in the late "cyclone" there was "stimulation" in the ante-room. A solid gold medalion badge is to be voted to the most popular P. M. W. or M. W. and a "diamond" to the handsomest lady at the ball.

For Brain Fog
Use Herford's Acid Phosphate.

Dr. W. H. Fisher, 1424 N. 1st St., says: "I find it very serviceable in nervous debility, sexual weakness, brain fog, excessive use of stimulants, etc. It is a grand good remedy in all cases where I have used it."

NEWS OF THE CHURCHES.

ARRANGEMENTS COMPLETED FOR AN ENTERTAINMENT IN ST. MICHAEL'S PARISH.

The Home of the Friendless Election of Officers—St. Leo's Mission—A Socially Kuchre Party—For Deceased Priests—Y. M. C. A. Meeting—General Religious News.

The Philomathian Society, a literary and dramatic organization connected with St. Michael's parish, is making extensive preparations for a couple of entertainments to be given on the evenings of the 27th and 28th inst. for the benefit of that church. The society has been rehearsing for some time, and promises those who attend an entertainment that they will certainly enjoy. The programme arranged for the occasion includes farces entitled "Suspended Animation, or Fencing a Mother-in-Law," "Paddy Miles, the Limerick Boy," and there is also a parlor farce on the list. There will be vocal and instrumental music and other interesting features.

The society under whose auspices the entertainments are to be given is the leading organization of its kind in North St. Louis and has a high standing among the literary and dramatic clubs of the city.

The Kuchre Services.

The Kuchre revival meetings at Union M. E. Church are successful beyond expectation. Dr. Madden, the pastor, announced last night that he has secured Music Hall for Mr. Butler's use Sunday, Nov. 16, at 3 o'clock, at which hour the evangelist will speak to the young men only. Admission will be by tickets, which are being distributed by the members of the congregation and the Y. M. C. A. members. At the same hour a woman's meeting will be held at Union Church to pray for the young men as Mr. Butler talks to them. Dr. Madden said last night: "This series of meetings is the most successful revival I have gone in for success. We have opened a campaign to arouse the West End. We believe that such a movement can be made a success here as was that conducted by Price Humes in the West End of London. That revival was a wonderful one. We mean to keep these meetings up. Mr. Butler is the most successful evangelist who has appeared in the Methodist Church in ten years."

Every night this week the church has been well filled, and the altar has been suitably decorated for each service. A well-known Methodist preacher who was present last night said: "He is the most successful and practical evangelist who has lately visited St. Louis. He will succeed here. His manner and methods are adapted to St. Louis crowds."

Mr. Butler will preach in-night. To-morrow night he will conduct a young people's meeting in the lecture-room of the church.

A Socially Kuchre Party.

The social party given by the Young Men's Sociality of St. Lawrence O'Toole Parish was well represented by both societies. The playing started precisely at 8 p. m. and lasted until 10:30, when dancing commenced. The first prize, awarded for the best lady square player, was a handsome diamond pin, won by Miss Katie A. Deller. Miss A. Griffin was awarded the consolation prize. Mr. George Connelly won the diamond scarf-pin for the best gentleman player. Those present were Misses Little Powers, Annie Furlong, Dora Dunch, Mollie Brennan, Alice Kearney, Belle Kearney and Messrs. Andy Watson, Willie Lane, James McIlwain, Eileen Shannon, Edward Powers and many others.

Home for the Friendless.

The thirty-ninth annual meeting and election of officers of the Home of the Friendless took place yesterday evening in the assembly room of the Second Baptist Church, Beaumont and Locust streets. This is one of the oldest charities of the city. It was founded in 1851. The income and endowment fund have been found sufficient to meet all the expenses for many years. For this year there is a deficit of \$4,000. This is due to the fact that it was found necessary to draw on the endowment fund to complete the large addition to the home. During the year past there has been an increase of fourteen in

CENTS' SHOES

FAMOUS SHOERS,
Broadway and Morgan.

The number of inmates, there being now sixty-five in the house. The youngest is over 60 years of age.

The following were elected to the several offices for the ensuing year: Mrs. Charles Holmes, First Directress; Mrs. A. F. Shapleigh, Second Directress; Mrs. J. G. Chapman, Secretary, and Mrs. Samuel Cupples, Treasurer. The following ladies were named as Trustees: Mrs. J. T. Davis, Mrs. J. N. Sherman, Mrs. Wm. Stabler, Mrs. Halsey C. Ives, Mrs. E. P. Copeland, Mrs. J. C. Vogel, Mrs. F. C. Cummings, Mrs. Anthony Hinder, Mrs. J. B. Root, Mrs. J. D. Davis, Mrs. Dexter Tilday, Mrs. Thos. H. West, Mrs. J. B. Glover, Miss Louisa Allen and Mrs. J. E. Lawton.

Y. M. C. A. Meeting.
The members' monthly meeting of the Central Branch of the Y. M. C. A. was held last evening in the rooms of the association, Twenty-ninth and Pine streets. The report of the Membership Committee shows that there are now 1,128 members in the central branch. The other reports were of general encouraging order. Short addresses were given by Rev. J. S. Kirtley of the Delmar Avenue Baptist Church, and Rev. John Matthews of St. John's M. E. Church South.

For the Deceased Priests.
The anniversary mass of requiem for the deceased priests of the Archdiocese was celebrated in St. Bernard's Church Wednesday at 10 o'clock. The celebrant was Father Huksteln, deacon; Father Talion, sub-deacon; Father Carroll; Rev. John Hoffman, rector of St. Henry's, was Master of Ceremonies. Thirty-five priests were present. Among whom were the two Vicars-General, Rev. J. J. McCabe presided at the organ. After the mass a meeting of the Purgatorial Society was held, and also a meeting of the Priests' Benevolent Association. When all was over, Father Bernard served an elegant repast.

Mission at St. Leo's Church.
The Jesuit missionaries, Fathers Van der Erden and Mueller, will begin a two weeks' mission at St. Leo's Church, Twenty-third and Mullany, on next Sunday at 10 a. m. The seating capacity of the church has been increased to 1,200. The seats will be free. The first mass and sermon every morning at 8 o'clock, the second at 10, and the principal sermon at 8 p. m. The mission for children will begin on Wednesday at 4 p. m. To prevent delay at the confessionals eight priests will be employed.

Harvest Home Festival.
St. Paul's Episcopal Church members gave a harvest home festival last night at their new church on Michigan avenue. The altar was tastefully decorated with grain, fruits and agricultural products and made a beautiful appearance.

An entertainment and hop will be given by the young ladies' and young men's societies of St. Kevin's parish at Uhlrig's Cave Hall, Jefferson and Washington avenues, Friday evening, the 15th inst., for the benefit of the new church. In addition to the hop there will be a musical and literary entertainment. The popularity of the rector, Rev. Edward J. Shea, makes the affair one of great interest.

To Dispel Cold.
Headaches and fevers, to cleanse the system effectually, yet gently, when cold or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

ARMED WITH A REVOLVER.
An insane young man creates great excitement in South St. Louis.

Yesterday morning 30-year old Robert Hall, who temporarily insane, became violent, and arming himself with a revolver and a heavy club took forcible possession of the residence of his parents at 3015 Magazine street. His old father attempted to pacify the man, but was thrown down stairs. Several of the neighbors endeavored to enter the place, but were deterred by the threats of violence which the maniac made. Finally, the father went to the Fourth District station and reported the matter to the police. Serg. Tom Boyd and Officer Maloney at once repaired to the scene and burst in the lower door. The maniac ran to the second floor, and threatened to blow the head of anyone who attempted to take him. The officers tried for a few minutes to calm the now thoroughly desperate man, but without success. At last they made a determined rush up the steps. Hall struck at Serg. Boyd with his club. Serg. Boyd dodged the blow, and the

Next instant the two had clinched. With Officer Maloney's assistance, the Sergeant easily overpowered the man and took him to the station. In less than an hour Hall was perfectly quiet and seemed in his normal mind. His father then took him home, refusing to have him committed to an asylum.

A LUXURY FOR TOURISTS—DR. LYON'S TOOTH POWDER. In metal boxes with patent measuring tube. Neat and portable.

FOR HORSE STEALING.
Rufus L. Tracy Will Be Taken Back to Kentucky This Evening.

Detective Wm. De Forest of the Louisville Police Department arrived in St. Louis this morning. This evening he will return to Kentucky taking with him as a prisoner the old man, Rufus L. Tracy, for whom he has requisition papers for grand larceny and horse stealing. Tracy, it is alleged, went to the lively stable kept by John Steebles on seventh street, between Lane and Oak, in Louisville on Oct. 31, and hired a horse and buggy saying that he wanted to drive to see a friend named Williams out in the country. He failed to return with the outfit and notices of the theft were sent all over the surrounding country. On Tuesday Detectives Dotman and Smith located the rig at Martin Pollock's stable, Ninth and Cass avenues, and arrested Tracy when he put in an appearance. Previous to this, however, Tracy proposed to sell the outfit to the officers, under the supposition that they were horsemen. He takes his arrest very coolly and will go back to Louisville without making any trouble. To show Tracy's nerve Detective Smith tells that after he and Dotman had arrested the man and were about a block from the stable on their way to the station, a farmer drove up and shouted to Tracy: "Say, here, hold on! I want to buy that horse."

"You ought to have taken him when you were here before. He's sold now," replied the prisoner with a wink at his captors. The rig will be sent by boat to Louisville on Saturday.

Cactus Blood Cure

KING'S EVIL.

ALVA'S BRAZILIAN SPECIFIC CO.: I wish to bear my grateful testimony to the virtue of your Cactus Blood Cure. My nephew, now 3 years old, born scrofulous and afflicted with swellings, large eyes, etc., in spite of doctors and blood purifiers, kept growing worse; his health became broken, his neck was full of bumps—one large one, a running sore—and the case seemed hopeless. One month's use of the Cactus Cure, to the accompaniment of a good diet, drove away the lumps, healed the sores, and cured the eyes. He has never failed to appear so well years, and we feel that his life-long troubles are under control of your wonderful medicine, for which we cannot be too thankful. Respectfully, JENNIE WYLLIE, 225 West 27th St., New York.

The Cactus Blood Cure has positively cured numerous cases of Scrofula and Salt Rheum in one month's time where all other blood purifiers have failed.

Pleasant to take, applicable to diseases of infanter or old age. Sold by druggists; or sent postpaid on receipt of price to any part of the United States. Price: Large size, \$2.00; small, \$1.00.

Call at office or send for descriptive circular.

ALVA'S BRAZILIAN SPECIFIC CO., Room 53, 604 Olive St., St. Louis, Mo.

New York office: 6 Wall St.

MAJ. MURPHY'S AX.

IT FALLS ON THE HEADS OF A NUMBER OF CLERKS TO-DAY.

The more Garbage Ordinance met yet repeated. A Committee of the Council the Council of the Delay-Other Council Affairs-A Cow in the Insane Asylum-Klemm as a Door-Stopper-Warner Avenue Opening-Municipal Matters.

Maj. Murphy cut off a whole batch of heads this morning and more will fall to-morrow. Maj. Murphy said to-day that all men discharged were let out simply and solely for the reason that they had not done their work over and that during the winter season it was always the custom to cut down the forces very considerably all around.

The men discharged to-day are mostly inspectors and draughtsmen who have been getting about for a month.

The list is as follows: G. Gifford, draughtsman; Paul Sotawsky, sidewalk inspector; John B. Murphy, field hand; A. B. Mengerling, inspector; Anton Nelhaus, inspector; O. D. Zlatosky, inspector; John Maurer, draughtsman; Richard Doering, draughtsman; Edward Aratzen, draughtsman; Ernest Kotsch, overseer of construction.

There will be no appointments to fill the vacancies.

Still Advertising.

An advertisement calling for bids for disposing of the city garbage under the more process is still appearing among the city advertisements, and the time for receiving these bids is but a few days off.

In the Council Committee on Public Improvements there is an ordinance repealing the ordinance under which these contracts are being advertised for.

This ordinance was introduced some months ago by Mr. Nelson to avoid doing just what has been done. But the committee for various reasons has not yet reported on the measure from time to time until it has now reached a point where sharp and quick work will be necessary to get the repealing ordinance through before new contracts are made with the St. Louis San Francisco Co.

The ordinance which the Council will report on Tuesday next is the contract of the Evening Call for city property to be sold on or until the second Tuesday in November. What action the Council will take on this subject is rather uncertain. This afternoon the Public Improvements Committee, Messrs Vogel, Horton and Metcalf, met and heard further arguments on the pumping engine contract.

Mrs. Johnson's Cow.

Mrs. J. S. Johnson of Reber place has an experience with the management of the Insane Asylum on the subject of a cow which was to say the least rather unpleasant. Mrs. Johnson says that on Sunday her cow which keeps in a yard in the rear of her home at Reber place, was very much disturbed by the noise of the city property which was being worked on the election day. She tried to get the cow out of the yard, but she could not succeed in regaining possession of her cow. The beast had not been milked nor fed during the whole time. Mrs. Johnson stated that when she was in the yard, she was in a condition when she was in the yard. Mrs. Johnson stated that when she was in the yard, she was in a condition when she was in the yard. Mrs. Johnson stated that when she was in the yard, she was in a condition when she was in the yard.

The fight over the opening of Warner Avenue was rather warm this morning and lasted for something over an hour. The Board Committee on Streets held a meeting at which all the property owners and residents interested were either present or represented. The opinion was more or less divided on the subject, some wanted a 60-foot street from Olive street to Lindbergh, and others a 40-foot street from Olive street to Lindbergh. There were many arguments on both sides. The committee at present is in favor of a 60-foot street.

They Had Trouble.

Park Commissioner Klemm got a leave of absence for four days and took ten to go on a hunting trip at some indefinite point in the southern part of the country. He was at the board meeting to-day and when asked by one of the members of the board why he had not been there, he said that he had not been there because he had not been there. He said that he had not been there because he had not been there. He said that he had not been there because he had not been there.

The Board of Public Improvements held a regular meeting this morning at 11 o'clock. The business transacted was mostly of a routine nature and consisted mainly of the approval of vouchers for the various departments.

Yesterday the more a person has the more they want of Stobie's Furian White Oats.

POISON AND ROPE.

CLINTON, Nov. 7.—Luther Hennington committed suicide yesterday by hanging himself from a cherry tree. He was 23 years old and was in love with a neighbor's daughter who did not love him. He first took a dose of "Rough on Rats," but it vomited him. Then he hanged himself.

HARRISONVILLE, Nov. 7.—Andy Spalding's liquor was poured out by White Caps at Freeman last night. Spalding was selling contrary to law.

LEXINGTON, Nov. 7.—J. C. Styles, an old man 65 years of age, died at his home. He was found in the field dead. He had been shot into his chest by a neighbor's son who was out to kill him. He was found in the field dead. He had been shot into his chest by a neighbor's son who was out to kill him.

HIGHVILLE, Nov. 7.—A boy named "Clothes" caught fire from smoking a pipe and the girl was burned to death. She cried for help, but no one arrived in time to save her. She was 16 years old, and she was taking a bath from the stove when her clothes caught.

The great Baltimore merchant tailor suit and overcoat sale now in full blast at the Globe; \$20 to \$30 garments, and silk and satin-lined, now going for \$5.00 and \$10.00; first come gets the best choice.

A Genuine Billiard.

West Superior, Wis., Nov. 6.—A genuine billiard raged over Lake Superior yesterday morning. Considerable anxiety prevails for the loss of the vessel on the lake from Superior to Skull Bay, Wis.

"TICKLING" is the throat vanishes with the use of Dr. Bull's Cough Syrup. Only 25 cents.
